

what we do:

Living Room Conversations fosters connection across divides to increase understanding and respect.

We have 160+ conversation guides ready to plug and play, centered around our Conversation Agreements.

“LRCs provide a great entry point for folks to connect with people of varying experiences and perspectives. We have seen folks who might not normally engage with one another come together to learn with and from each other.

- Denise Lord,
Estes Valley Restorative Justice

We have many areas of engagement. Here are some examples of the diversity of guides within those areas. See our website for a full view.

guide examples

political

- Post Election - Moving Forward Together
- Polarization
- Climate of Unity
- Abortion

belonging and building understanding

- Communicating with Care
- Healthy Conflict
- Trust
